Creek Staff Packing List

We provide the majority of the gear and equipment our adventure program staff will need. This includes: backpacks, tents, sleeping pads, food, and most technical gear. Campers may bring their own equipment, but staff will always evaluate the appropriateness of personal gear on the first day. WinShape Camps cannot be held liable for damage to personal gear. In order to keep your belongings from getting mixed up with others, mark everything with a permanent marker.

*The Creek program does not merit purchasing expensive clothes or gear unless this is an investment you desire to make.

Realistically, you will be hard on clothes and gear. Think compact and lightweight when purchasing and packing for camp. It is a rule in the wilderness that “cotton is rotten.” Avoid cotton whenever possible. Synthetic/nylon materials will dry quicker and keep you warmer compared to cotton.
