Important Packing Information cont.:

We recommend packing enough hygiene products for the whole trip, for it may be more expensive to replenish needed items in-country and comparable brands/products may not be available.

- Packing is limited, so make an effort to be efficient with what you bring along.

- Cheap jewelry is encouraged.

- Fun accessories such as crazy socks, suspenders, hats, big bows, etc. are encouraged for adding a splash of FUN to your camp attire.

- Pack any specific snacks you may want that you will not be able to purchase once in-country.

- Keep in mind that you will be transferring your luggage from place to place multiple times this summer. Pack what you need, but pack as light as possible!
