

The WinShape Camps Leadership Development Program began in 2010 as a way for employees to serve on the WinShape Camps year-round team to explore their ministry calling and fine-tune their leadership gifts. LDP Staff work with a team who will invest in them and provide opportunities for experiential development while discovering their passion for serving in ministry.

This packet includes two postings for our current LDP positions—Apprentices and Interns. Each camp ministry is hiring a different number of positions in different offices in Georgia. Carefully read over both postings before applying.

Apprentices, who work 40 hours per week, receive full-time benefits including health insurance and a retirement plan. All Apprentices will begin in the fall and work through the following summer. They can reapply for an Apprentice position again each year with no limit to the number of years they can serve. Interns work up to 25 hours per week. They can also reapply for a position again each year with no limit to the number of years they can serve.
